Summary of reasons for decision:

The publication contains additional levels for a game originally examined by the Classification Office (OFLC No. 1200631.000, registered 12 July 2012). This game was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years", with the descriptive note "Contains violence".

The two new game levels that are the subject of this classification deal with matters of horror, cruelty and violence in a similar manner to those in the original game. As such the additional content does not significantly alter the dominant effect of the publication as a whole. These components do not require the publication to be given a different classification to the original game.
